SUMMARY

I'm Aryan Anand, 2nd Year Bachelor of Technology, Computer science & Engineering student at Motilal Nehru National Institute of Technology

PROJECTS

Coding Profile Data

[link](#) | [Repository](#)

I made this website where you can get the stats of your various coding profiles.

Doodle Bot - OpenCV

[Repository](#)

It was a team project and we used the OpenCV library of Python for image detection and processing to find the path of our vision guided robot (like 'Left', 'Right', and 'Finish') and finally terminated with a light sign.

EDUCATION

2024 - 2028	B.Tech (Computer Science) at MNNIT, Allahabad	(CPI : 6.59/10)
